

PENINSULA PRIDE FARMS

2023 Peninsula Pride Farms Member Conservation Practice Survey

Peninsula Pride Farms (PPF) requests current and future members to take this brief survey to measure conservation practices that are being done on the land and to track our group’s progress. **Identifying member information will remain confidential** and only aggregated results will be shared publicly. This information helps us report progress and the impact we are having to organizations that provide funding to our group for activities and also share our progress with our community.

*****Surveys must be completed by December 1st to be eligible for cost-share.**

Please place a check mark in the column most applicable to you and your farm and **if you are using a tool or practice, please let us know how many acres that practice is used on**. If you have any questions while completing this survey, please email Shawn Wesener at swesener@farmersforsustainablefood.com or (920) 980-3756. **OR you can visit peninsulapridefarms.org to fill out the survey online.**
